JANUARY 2024

New Year's Resolutions for Children

Even children can make goals for the upcoming year! Remember to keep your resolution discussions positive and age appropriate. Help your child come up with a short and achievable list of plans for the year. Remind them that it's about setting attainable goals, and following through.

Follow up with your child, but remember there will be lapses. The goal is to teach kids that they can set goals and accomplish them through a little dedication. Some examples for kids include cutting down on junk food, starting an exercise routine, continuing good behavior, or mastering milestones.

Happy New Year!

Classroom Spotlight

Preschool Two is our spotlight for the month of January.

Ms. Tonya and Ms. Rian are both amazing teachers. There are always smiles on their faces, and the children are so excited to see what they have in store for them.

The teachers make school so enjoyable with dancing, laughter, fun activities with circle time and lessons, and storybook reading.

Thank you, Ms. Tonya and Ms. Rian for everything you do. We are all so grateful to have you as Preschool Two teachers.
