It's the Little Things

Our goal as parents should be to guide our children toward self-sufficiency and independence. Life lessons can start when they are very young with age-appropriate chores. Allowing a toddler to help match socks gives them a sense of accomplishment. Waiting until the child is a teenager to teach basic life skills often isn't effective, and the child ends up feeling overwhelmed by daily responsibilities.

It's often the little everyday experiences that have the greatest impact on a child. Time spent with your child is the most important lesson of all!

We will be celebrating Father's Day on Friday, June 17, with Pretzels and Root Beer To Go for all of our fathers, grandfathers and uncles! Join us at pick up for a photo station and goody bags.

Staff Training

Several of our staff attended a training in May to learn about the Frog Street curriculum that we will be implementing for Infants, Younger Toddlers, Older Toddlers and Preschool 1.

Frog Street integrates Conscious Discipline to help students with their social-emotional development, which is critical to students being successful in school and in life.
