

# Endless Discoveries PARENT NEWSLETTER

JULY 2019

## Be a Good Role Model

What is one of the most important things you can do for your child? Model good behavior.

Children learn how to act by watching their parents. When you get angry in front of your child, think about how you want your child to behave when angry. You are constantly being watched by your kids. Children who hit usually see that kind of aggressive behavior at home.

If you want your child to be respectful, friendly, honest, kind, and tolerant, then exhibit unselfish behavior, do things for other people without expecting a reward, express thanks and offer compliments.
