SEPTEMBER 2026

Why Reading is Important

Reading with your child on a regular basis creates a stronger relationship between the two of you. In addition, it teaches your child basic speech skills, better communication skills, more logical thinking skills, and enhanced concentration and discipline.

Be sure to check out our Book Fair September 8-11!

Happy Grandparents Day!

Endless Discoveries will celebrate Grandparents Day on Friday, September 11, with Pastries & Juice On the Go from 8:00 to 9:00 a.m.

We are grateful for your being our heroes, someone to lean on, and our best friends.

Grandparents are like stars. You don't always see them, but you know they're there.

Baby Safety Month

September is Baby Safety Month, and although safety is important year-round, this is a good time to highlight some ways to better protect our precious children.

For babies, every room in the home poses safety concerns. The paint on the walls, the temperature of the water, and cleaners under the sink all present risk factors. But there are actions parents and caregivers can take to protect babies.

- Anchor large pieces of furniture.
- Place gates at the tops and bottoms of stairs.
- Cover outlets.

- Remove blinds and curtains with long or looped cords.
- Install smoke detectors and test twice a year.
- Add a fire extinguisher to every level of the home.
- Put safety latches on cabinet doors and the toilet.
- Check the thermostat on the water heater.
- Remove toys with pieces small enough to swallow.
- Test old paint for lead. Have it removed or sealed.
- Place bumpers on sharp corners.
- Remove poisonous plants.

Book Fair

Endless Discoveries will be hosting our Book Fair from September 8 through September 11.

We encourage a love of reading, and we know that children always get excited about choosing and exploring new books. Parents can participate by helping their child select books and encouraging reading at home.
