## MANAGING ANGER

We all have anger issues occasionally. As long as we don't injure ourselves, other people or property, anger is a normal human emotion.

Children sometimes need some guidance to learn how to deal with their negative feelings, and our staff offers advice from years of experience in early childhood development.

Our blog article on this subject might help with some pointers in dealing with your child's meltdowns. Visit our website, click on News and Blog. Let us know if you have a few ideas of your own!

## Perseverance

This month's Character Trait is Perseverance, doing what's right even when others are not and pushing to reach your goals. The best way to teach your child about perseverance is to model good behavior.

## Endless Discoveries' Birthday

Thank you, Saginaw families, for allowing us to care for your precious children!
